My website (or a blog) is

_____.wordpress.com

An example website we are practicing with

beckystravelmap.wordpress.com

Theme:

Radcliffe 2 (free theme)

Review:

- ✓ Themes
- ✓ Customize a theme
- ✓ Making a post

Topic to go over:

- Making a blog post
- Uploading media: in page/post vs. media storage in dashboard
 - File types – en.support.wordpress.com/accepted-filetype
 - Uploading documents – en.support.wordpress.com/uploading-documents
- Managing Comments
- Customizing your menu
 - Links
- Other Site Settings

Customizing your Theme:

The screenshot displays the WordPress.com interface for theme customization. On the left, a sidebar contains navigation options: My Sites, Reader, Switch Site, and a list of site management tools including Stats, Plan, Site, Pages, Posts, Media, Comments, Feedback, Design, Customize, Themes (highlighted with a blue arrow), Tools, Plugins, Import, Marketing, Earn, Activity, and Manage. The main area shows the current theme 'Radcliffe 2' with 'Customize' and 'Info' buttons. Below this is a promotional banner for 'Small Business' themes. A search bar allows filtering by 'All', 'Free', or 'Premium'. Filter categories include Feature, Layout, Column, Subject, and Style. A banner promotes premium themes. The 'WordPress.com themes' section shows 284 themes, with 'Modern Business', 'Friendly Business', and 'Calm Business' featured as 'BEGINNER' level themes. A blue arrow points to the 'Themes' menu item in the sidebar.

Customizing the Menu options:

The image shows three panels of the WordPress menu customization interface. The first panel on the left shows the 'Menus' section with 'Primary' selected. The middle panel shows the 'Menu Name' and a list of menu items: Home, About, Contact, and Blog. The right panel shows the 'Menu Options' section with a checkbox for 'Automatically add new top-level pages to this menu' checked. A blue arrow points to this checkbox, and a text box above it says 'Make sure to check this if you want to see new pages automatically added to the menu.' The right sidebar shows a search bar and a list of menu items including Home, About, Contact, Home, and Blog.
