

## What Is Pride Month?

On June 28, 1969, New York City police raided the Stonewall Inn, a gay club in Greenwich Village, treating patrons and employees with violence. The raid sparked riots and protests for the next six days and was a catalyst for the modern gay rights movement in the United States. Pride Month is celebrated every June to honor this historical event and to create awareness of the ongoing struggle for LGBTQ+ justice.

## Conversation Questions

1. What does "queer" mean to you?
2. What are some current issues that you feel are critical for queer persons?
3. What does your community do to celebrate Pride?
