

Create a Simple Website → Day 2

As you know by now, drag and drop website builders such as Weebly.com are pretty straightforward and easy to use, but in case you find yourself in need of some guidance contact them via phone, email or the community board: [hc.weebly.com/hc/en-us](https://www.weebly.com/help-center/)

Or better yet just start here:

tiny.cc/weebly-beginner

(*tiny.cc forwards the URL to this long web address

[hc.weebly.com/hc/en-us/articles/201704087-Beginner-s-Guide-to-Weebly](https://www.weebly.com/hc/en-us/articles/201704087-Beginner-s-Guide-to-Weebly))

Once you complete your site, think about how to get noticed: www.weebly.com/seo

Manually request Google indexing: <https://www.google.com/webmasters/tools/submit-url>
(*you will need a Google account)

And keep up to date with Weebly.com news: www.weebly.com/blog

Ready to learn more?

Great!

Check out Skokie Library Resources:

skokielibrary.info/resources/online-training-tutorials/

- Lynda.com – technology tutorials (follow along with sample exercises)
- Treehouse – technology tutorials that are hands on (much more technical but user friendly)
- Gale Courses – online learning with Instructor-led courses in six-week formats that cover a variety of topics including technology
