

BE THE ARTIST

Egg Carton Owl

Turn your empty egg cartons into cute birds with this cute craft.

Supplies

- an egg carton
- tempera paint
- stapler or glue
- leaves or feathers (optional)

Instructions

- Open the egg carton, and cut along the central seam to separate the top and bottom pieces.
- Cut out a section of the bottom portion of the egg carton that includes two egg cups and on one of the peaks that separates the egg cups (see next page). This will form the eyes and beak of your owl.
- Cut out a section of the top portion of the egg carton to form the body of your owl.
- Cut out the sides of the top portion of the carton to form wings.
- Paint your owl, and set it aside to dry.
- When the paint is fully dried, glue or staple the wings and the head in place.
- If you'd like, add additional detail to your owl like leaves or feathers. Get creative!

What details will you add to your owl? Hair, glasses, scarf...the only limit is your imagination! Check out the next page to see how to make an egg carton owl from start to finish.
