DIY Terracotta Pot Grill

No campfire? No problem. Make s'more-making more accessible by moving the grilling to the tabletop. Everyone can have their own mini grill, or one larger pot can work as a group grill.

Supplies

- terra cotta pots
- aluminum foil
- charcoal
- charcoal lighter fluid
- lighter or matches

Instructions

- Line terra cotta pot with aluminum foil.
- Fill the pot with charcoal.
- Drizzle lighter fluid on top of charcoal.
- Stand to the side and light charcoal.
- When charcoal begins to turn white, start roasting!
