

Jump-Start Summer Reading Fun Activities

Get started with Summer Reading 2024! You can keep track of minutes you read, books you read, and activities you complete. If you have babies and little ones, ask for our special sheet with activities just for them.

Each time you read a book, read for 20 minutes, or do an activity, mark a circle. Do the activities below or make up your own.

- Offer to help someone with a task
- Take a walk and count the signs you see
- Read in a place you don't usually read
- Have a picnic (inside or outside)
- Play an outdoor game
- Read something from one of the displays in Kids
- Visit the library or the bookmobile
- Have a follow-the-leader parade, switching turns to be the leader
- Play pretend with a friend, your stuffed animals, or a grown-up
