

Take It, Make It

Paper Dolls

Paper dolls are a lot of fun and have been around for a long time. The first commercially printed paper dolls were published in 1812 to go with a book so readers could act out the scenes of the story. Make your own paper dolls with this template.

- Paper doll template
- Three markers

Instructions

- Carefully cut out the dolls and the clothes. Make sure to include the tabs on the clothes—that's how you'll put them on the dolls.
